Day 1: Auckland via Hobbiton to Cambridge

We pick you up in Auckland and journey south to a Lord of the Rings fan's dream location - the Hobbiton Movie Set for your very own Middle Earth adventure. Explore and learn behind the scenes secrets of scenes that were filmed here for both "The Hobbit" and "The Lord of the Rings" trilogies. See Hobbit Holes and visit the Mill, the Party Tree and plenty of other structures and gardens built for the movies. At the end of the tour, you can relax at the Green Dragon Inn with a drink.

We depart Hobbiton and head to Sanctuary Mountain, which is surrounded by a 47km predator-proof fence. This makes it the longest such fence in the world. It is now home to many rare and threatened New Zealand plants, insects, birds and fish, which are all now thriving in the rejuvenated lush forest of this magical mountain.

From here we continue to Cambridge which is known as 'the town of trees and champions'. This is because of its tree-lined town centre and some of the world's best racehorses have been bred here. There are plenty of parks and gardens that provide a stunning range of colours as the seasons change and are a good place to enjoy a leisurely stroll after a magical day.

The area around Cambridge is home to two of New Zealand's most beautiful waterways, the Waikato River (at 425km New

Zealand's longest river) and Lake Karapiro. So if you feel like swimming, rowing, kayaking, jet boating, cruising or fishing, these are all available within minutes.

Day 2: Cambridge via Waitomo Caves to Taranaki

On the way to our next destination, you have the option of stopping at either one of two locations, or even stop at both if you are interested. The first option is the famous Waitomo Caves. You can experience the natural beauty of these caves and marvel at the stunning Glowworms that light up the caves like stars. Take a guided tour where you walk through these magnificent caves and then float gently along on a small boat. Or for the more adventurous, how about jumping, abseiling, climbing and black water rafting through this subterranean wonderland?

The other option is visiting a major movie location called "Hairy Feet". You can take a guided tour through the stunning Mangaotaki Valley, which became the location for Trollshaw Forest in "The Hobbit: an Unexpected Journey". See where a range of scenes was filmed, get photos taken in the exact spot where characters like Bilbo stood and hear some behind the scenes stories about the movie-making process!

If you prefer, we can leave Cambridge and travel straight to the dynamic west coast region of Taranaki, which is known as 'The Garden of New Zealand' with its rich volcanic soil, mild climate and iconic Mount Taranaki towering over the region.
