We recommend a visit to one of Rotorua's thermal parks, so you can experience the unique landscapes and volcanic activity. From bubbling mud pools, clouds of steam and natural hot springs you can relax in, you won't be disappointed.

There are a number of options, all with their own unique features and we can help suggest which one may suit you best. We recommend a Maori cultural experience and witnessing a cultural performance and enjoy a Hangi – a mouth-watering feast cooked underground on hot rocks.

We can visit the Government Gardens where you can explore the historic gardens and take in the views of all there is on offer. You have the option of visiting the Rotorua Museum if you want to discover Rotorua's rich culture, volatile landscape and dramatic history. After this you might want to unwind and relax at the Polynesian Spa, a world-leading, natural hot mineral bathing and luxury spa retreat.

You can take a leisurely uphill gondola ride at Skyline Rotorua to marvel at the beautiful views of Rotorua including the surrounding lakes and geothermal areas.

Enjoy the three luge tracks with differing skill levels as you speed downhill, twisting and turning with the stunning backdrop of a Redwood forest. Or you can zoom through the forest on a zipline.

There are plenty of rivers and lakes to explore which could be done either by jet boating, white water rafting or kayaking. The region is a fisherman's dream if you're after catching some trophy Trout. We can visit the Agrodome which provides a truly unique New Zealand farming experience with a display of interesting live farm shows.

If you're interested in mountain biking or hiking, there are several trails you can enjoy, including through the mighty Redwood Forest. You can take a helicopter or floatplane for spectacular views of Rotorua including its stunning lakes, geothermal reserves and remarkable volcanoes. Day 5: Taupo to Wellington

We depart Taupo and make our way to Wellington, New Zealand's capital. Along the way, we can visit Tongariro National Park, which incorporates three active volcanoes Ruapehu, Ngauruhoe (since "The Lord of the Rings" also known as "Mount Doom") and Tongariro. Tongariro NP has been acknowledged by UNESCO as a dual World Heritage Site for both its natural and cultural values.

Tongariro NP is home to the famous Tongariro Alpine Crossing, one of the best one-day walks in New Zealand. This walk features volcanic scenery, where you will walk across a landscape of craters, lava flows, active volcanoes, mountain springs and emerald lakes and in good weather marvel at the stunning views of Lake Taupo and Mt Taranaki. If you choose this option, best would be for us to incorporate into your itinerary for the previous full day in Taupo and we can arrange a transfer to the start and end of this amazing walk.

The park also offers shorter walks to waterfalls and volcanic features, which may be more suitable. You can also take a scenic flight over Tongariro National Park that will allow you to see breathtaking views of the national park's dramatic landscape including coloured mineral lakes that are situated in the mountains. During the winter months, you also have the option of skiing or snowboarding at any of three ski fields that Mount Ruapehu has to offer.
